Asst. Superintendent of Schools**

RE: Parent/Student Portal – MyEd BC

DATE: March 1, 2018

School District No. 58 highly values good communication between school and home. We recognize the important role of parents and caregivers in support of their child's education and work hard to provide timely, relevant, and useful information and data to both students and parents.

To help increase communication between school and home, our district has launched a Parent and Student Portal into MyEd BC (our Student Information System). MyEd is an electronic system of student information (demographic, attendance, courses of study, performance, and assessments).

The MyEd Parent or Student Portal allows students and families to view demographic, attendance, course selections (high school only), academic progress and transcripts.

You are receiving this letter because currently you are either the parent/guardian we have on record for one or more students at one of our schools associated with Kengard Learning Centre.

Students enrolled at SCIDES will only have their report cards in MyEd.

In preparation for you to access this information, please complete this form with a checkmark in the appropriate place.

☐ YES, please give me access to the Parent/Student Portal in MyEd.

(Complete this part if you are the parent/guardian)

My name is: _____. I am the parent or legal guardian of _____

I can be reached at this email: _____

☐ NO, I do not wish to have access to the Parent/Student Portal in MyEd.

If you have questions, please contact your school principal directly.

Media and Website Consent for Storage and Access of Information

Dear Parent/Guardian,

An important part of our class work this year will involve using Internet-based tools and apps to create and share our learning. Many tools require your child to create a personal account, using their School District provisioned email account. Please note that your child will use Internet-based tools for both classroom activities and homework assignments, and may continue to hold accounts after our coursework is completed.

Your written consent to your child's use of Internet-based tools is required by British Columbia's Freedom of Information and Protection of Privacy Act (FIPPA). If you choose not to provide your consent for your child's use of Internet-based tools, your child will not be penalized in any way and alternate activities and forms of sharing their learning will be provided, as appropriate.

It is important to be aware that some of the Internet-based tools noted below are online services hosted outside of British Columbia and possibly Canada. While stored outside the country, information in your child's accounts may be subject to the laws of foreign jurisdictions, including, in the United States, the USA Patriot Act. Be assured that the school district analyzes all services to ensure they have the best possible security measures for the storage of our students' data.

To support their overall learning in literacy & numeracy, to explain and document their learning, and to store and manage assignments and other information, students may be using the following software/apps which function fully within Canada: Microsoft Office 365 (including OneDrive cloud storage, email, office, teams and Minecraft), FreshGrade, MyBlueprint, and Matific (while currently in the US, all Matific information will be stored in Canada only as of November 2017).

In addition, students may also have access to the following software/apps which could store data outside of Canada (including the US): Learning A-Z/Raz Kids, Reflex Math, IXL Math and Code.org.

☐

I understand that the information my child's teacher and my child may create and store for Office 365, FreshGrade, MyBlueprint and Matific will be stored and accessed within of Canada, and I hereby consent, on behalf of me and my child, to my child's use of this software for this school year.

☐

I understand that the information my child's teacher and my child may create and store for Learning A-Z/Raz Kids, Reflex Math, IXL Math and Code.org could be stored in or accessed from a location outside of Canada, and I hereby consent, on behalf of me and my child, to my child's information identified above being stored in, or accessed from, a location outside of Canada.
